#### TIAMAT - THE COSMIC GUARDIAN DRAGON

Tiamat is the highest entity in the Dragon hierarchy. This epaulette works with the Earth's Kundalini energy and the Ley Lines, also known as Dragon Lines.

Tiamat brings new cosmic energies to the solar system. It activates the highest energy centers so that the Earth is able to enter a new stage of its evolution. She still works with the Karmic

Board. Together, they define the exact moment when the pineal gland of every human being must be opened, awakening the dormant DNA. Only when this happens can humans access a new level of relevant cosmic information.

Tiamat's goal is to catalyze evolutionary processes to raise consciousness on Earth.

Right now, she is dreaming and co-creating the New Earth. It appears to offer support and assistance to the therapist, so that, when carrying out his work in each session, he also contributes to the birth of a new Planet. She lands to increase the protection of the work, bringing peace of mind and the certainty that the therapist is under her care. So, your message is "It's okay". All this effort has an important reason: Tiamat acts to include Earth in the community of Conscious Planets.
